

## PRINCIPAL ARCHITECT

Ed Abbott AIA

For the past thirty+ years, Ed Abbott's numerous projects has allowed him to develop a great depth of experience in the various phases in architectural design process & project management. Described as a "hands on" principal he keeps actively involved in every stage of a project from feasibility studies and pre-design conceptualization through project completion. His responsibilities as Principal Architect include client contact, coordination of disciplines, conceptual design, design development, construction documentation, agency review, permit processing, and contract administration. Ed's wide range of experience has created awareness and attention to detail that allows him to be an effective advocate for the needs of his clients.

## PRINCIPAL ARCHITECT

Michael Abbott AIA, NCARB

Michael has over 16 years of experience in architecture and design. His strength in conceptual design brings a vital element to the consistent success of his projects. He has been responsible for the design and management of hospitality, single and multi-family residential, mixed-use commercial and institutional projects within the Northwest. His commitment to the process of design and his ability to bring client ideas into focus during the initial phases of conceptualization make him an indispensable member of our team.
